

POSH CYCLE

[UNION SQUARE]

On our city streets, where banged-up fixies rule, rolling around on this **Le Flâneur Sportif d'Hermès**, new for fall 2014, would be not only incredibly comfortable and efficient (ultralight carbon fiber frame, hydraulic disc brakes, and ergonomic leather-wrapped handlebars), but also legendary.

BASQUE LIFE

[RUTHERFORD]

Interior design doyenne Suzanne Tucker has recently completed **Maison Biarritz**, the latest phase of Auberge du Soleil's epic three-year renovation. Inspired by the South of France, the rooms feature walls of casement windows for optimum natural light, fluffy beds with custom Moorish headboards and, sexiest of all, a limestone shower built for two.
