RENOWNED DESIGNER SUZANNE TUCKER GIVES READERS AN UP CLOSE LOOK AT HER ARRAY OF UNIQUE AND SPLENDID PROJECTS.

Known for her creative use of texture, light, and color, designer Suzanne Tucker presents her third book, *Extraordinary Interiors*. The volume features a selection of Tucker's most recent work, including a mountain retreat dressed in natural tones, a Bay Area pied-à-terre with international influences, a Manhattan apartment with a breathtaking art collection, a beach house that blends casual living with sophisticated style, a San Francisco townhouse with Italian flair, and the designer's own oasis-like home in Montecito, California.

Tucker's personal approach to design can be seen through her enduring style, mastery of detail, and passion for architecture. She describes her artistic process as part anthropology, part archaeology, and part psychology as she uncovers her clients' dreams for their homes. She then applies her vast knowledge of decorative arts and antiques to compose spaces perfectly tailored to the nuances of their daily lifestyles. *Extraordinary Interiors* showcases the designer's skill for creating timeless and exquisitely detailed spaces.
